Return via email: dyork@ctcwv.com

This carnival/fair is really about bringing a community together. We are striving to build strong families through quality time and quality of life. We would love for your organization to be a part of what we are trying to do in the town of Milton. Our enrollment from Pre-K through Fifth grade is over 650 children. (That's a lot of kids!) With your donation of time and expertise, we will be able to reach so many in a short amount of time. There are many in our community who are unaware of services available to them and to their children that could greatly benefit their overall quality of life. Please consider being a part of such a wonderful event.

YES, we will participate!
