

Substance Use and/or Abuse Treatment Service

BreakThru Keys to Success	BreakThru Path to Recovery
<ul style="list-style-type: none"> • Provide a safe withdrawal • Reduce immediate withdrawal symptoms • Prevent complications • Provide withdrawal management that preserves the patient’s dignity • Establish immediate aftercare discharge plan • Measure patient outcomes 	<ul style="list-style-type: none"> • Safe, comfortable, private and confidential hospital stay on a medical/surgical unit, just like any other patient recovering from surgery or other medical conditions. • Provide the safest environment for withdrawal from alcohol and/or drugs. • Medications administered based on each individual’s substance of choice and medical history to promote comfort, prevent complications and alleviate pain using evidence-based treatment. • Exceptional 24-hour care administered by highly skilled doctors and nurses with a lower nurse-to-patient ratio than other treatment facilities. • An immediate aftercare discharge plan for each patient is established in the continuum of care for successful remission or recovery. • BreakThru staff will follow up with all patients at one-, three-, six- and twelve-month intervals to determine level of remission, sobriety and engagement in treatment to measure patient outcomes. • Covered by most insurances, Medicaid and Medicare. Cash pay option is available.
<div style="display: flex; align-items: center;">  <div> <p>“We must help everyone see that addiction is not a character flaw – it is a chronic illness that we must approach with the same skill and compassion with which we approach heart disease, diabetes, and cancer.”</p> <p>- Vivek H. Murthy, M.D., M.B.A. Vice Admiral, U.S. Public Health Service, Surgeon General November, 2016</p> </div> </div>	

BreakThru is a substance use and/or abuse treatment service located within Reynold Memorial Hospital. Clients who are in withdrawal from alcohol and/or drugs are medically stabilized and managed on a medical/surgical unit, just like any other patient recovering from surgery or other medical conditions, preserving dignity and confidentiality.

Using a multidisciplinary team approach, withdrawal symptoms and medical comorbidities are medically managed throughout the withdrawal period, ensuring safe and effective medical outcomes.

For information or assistance, please call, **(304) 221-4528**.
