

TRAIN THE TRAINER

You are invited to attend a DEA360 Community Education Train-the-Trainer event presented by DEA360 and the Partnership for Drug Free Kids. Trainings will occur in Kanawha, Putnam and Cabell Counties, with an additional training at the WVARNG at Coonskin. These events provide participants with the ability to deliver presentations about opioids and parent communication to gatherings of community members.

Who: Trainees can be members of law enforcement, substance use treatment or prevention organizations, health care providers, civic leaders or anyone who is committed to and concerned about their community. People should attend even if they do not plan to be a presenter ... they can help organize presentations in their community.

What: Training is 2 hours and 30 minutes and consists of three parts:

- Delivery of the presentation “Heroin + Other Opioids: From Understanding to Action” which provides an overview of the opioid crisis and outlines the actions that can be taken to address this issue. A West Virginia version of the presentation will be available at the training. Presenters can adapt and modify the presentation for their needs.
- Delivery of “How to Talk with Your Kids about Anything (including alcohol and other drugs)” which identifies challenges in parent-child communication and introduces approaches that can help families better prevent and respond to substance use.
- Nuts-and-bolts of organizing and delivering presentations. Attendees will learn how to access the presentations online and identify audiences for the presentations within their community.

When, Where & Registration:

- Kanawha County – May 4 from 9:30 to 12:00 @ St. Paul United Methodist Church, 4606 Kanawha Turnpike South, South Charleston, WV (304) 768-1981. **Please register at <https://dea360-kanawha.eventbrite.com>**
